I'm so fly, I'm bill nye how I taught em'  
i was saved by the bell then LL got me to rock em'  
i aint stopping, I'm Duracel, so try n stop me  
I take care of me and mines like a tamagachi  
but i aint playin this is no tecmo bowl  
if it was then id be bo the way i kill em all wit my flow  
so, I'm just giving you my show and tell  
and keep it running like i ate a bunch of taco bell  
how'm i supposed to make it how am i supposed to sell  
when everybody wanna be a keenan, where the hell is  
kell?  
i bring the power like a snot rocket  
I'm so hot i need to cool down like hot pockets  
so you can try to poke your holes but hater i'd stop it  
you can twist me, you can pull me, but at the end, i bop  
it

Interlude

whats up world, I'm a boy but not cory  
come thru in the clutch, hip hops robert horry  
i always pass the test you can even ask Maury  
put my woody in her buzz welcome to my toy story  
i saw her pinky n she saw my brain  
we bout to take over the world this a new regime  
with my zubaz n fanny pack you know my steez  
you gotta put on channel 3 you wanna play the game  
I'm bout to zone out like theres a tv in my classroom  
who let the dogs out, cmon answer when i ask you  
i hit em up like its ICQ  
I'm here to save the rap game like the frosting of a  
dunkaroo  
I'm crash bandicoot, better yet I'm sonic  
cuz we in it for the gold and the rings its so ironic  
and i guarantee that you can continue the phrase  
"In west philadelphia, born and raised"

## Interlude

i set it off like I'm picking up the phone  
when you on the internet using your dial up at home  
i learnt my history like i was wishbone  
sometimes i wish i was a cartridge so i could get blown  
ha, you couldn't copy this talking shit  
even if you had all the original floppy disks  
I'm making history as if i was a new Gump  
imma choose my own fate like I'm reading  
goosebumps  
i do it big like I'm clifford the dog  
and you know i be a slammer in a world full of pogs  
the people chose me like my name was pikachu  
so now its time for me to get respect like aretha do  
haters get treated like american gladiators  
call me Megazord I take em' out like the power rangers  
a touch of old school and a touch of new shit  
either way NOW, that's what I call music.
