You are Lord, Lord of my life.
Every day I lift you up high.
I praise to you Lord. My God and my King.
You reign in me for eternity.
This is a love song to you.
A song of praise to you lord.
I kneel before your glorious throne.
To show that I am yours alone.
You are Lord, Lord of my life. Every day I lift you up
high.
I praise to you Lord. My God and my King.
You reign in me for eternity. This is a love song to you.
A song of praise to you lord.
I kneel before your glorious throne.
To show that I am
Yours alone. Hallelujah, I love you.
Hallelujah, I love you. Hallelujah, I love you.
Hallelujah, I love you.
This is a love song to you.
A song of praise to you lord.
I kneel before your glorious throne.
This is a love song to you.
A song of praise to you lord.
I kneel before your glorious throne.
To show that I am yours alone.
