I am overrated
One of the future faded
Who bought into the scam

All I thought was something
Still adds up to nothing
So everything I am

I give up, I'm laying it down
I've had enough of living without You
Letting go of what I was
So long, goodbye, go

If I'm being honest
How could You have wanted
This heart so defective?

But what it all comes down to
When my world revolves around You
I begin to live

I give up, I'm laying it down
I've had enough of living without You
I'm letting go of what I was
So long, goodbye

And I surrender
Raising my white flag
I'm not holding back
Everything is Yours
Everything is Yours

I give up, I'm laying it down
I've had enough of living without You
I'm letting go of what I was
So long, goodbye

I give up, I'm laying it down
I've had enough of living without You
I'm letting go of what I was
So long, goodbye, go
