I'm pretty good at this
And not so great at that
I've tried my best to be the best
At what I'm trying at

It's never good enough
To give me all I need
I know the here and now
Can't match what's waiting
There for me

All that I know for sure
Is that there's so much more
To what I am living for
There's so much more

If I could step outside
This ordinary life
Find what I'm living for
There's so much more

I thought I had it all
Until I watched me fall
And now I'm left wishing
I could find out what's missing

I need a love that lasts
Regardless of my past
A chance I'll take on you
A hope of finding something true

All that I know for sure
Is that there's so much more
To what I am living for
There's so much more

If I could step outside
This ordinary life
Find what I'm living for
There's so much more

All that I know for sure

Is that there's so much more
To what I am living for
There's so much more

If I could step outside
This ordinary life
Find what I'm living for
There's so much more

All that I know for sure
Is that there's so much more
To what I am living for
There's so much more

If I could step outside
This ordinary life
Find what I'm living for
There's so much more
So much more

There's so much more
