Tell me what do you believe in?  
Does your life have rhyme or reason?  
Something in your heart that makes you care

I hope that you don't mind me asking  
But I have got a burning passion  
I need to know forever you'll be there

I can't make it clearer, put it any other way  
If you can't see the simple truth I do  
Then there's nothing in this world that's left to say  
But Jesus loves you

I know I don't have all the answers  
And I have wasted many chances  
To prove to you a faith that lives inside

I'm praying there will be a breakthrough  
'Cause I can't be the one to save you

God knows how many times I've tried

I can't make it clearer, put it any other way  
If you can't see the simple truth I do  
Then there's nothing in this world that's left to say  
But Jesus loves you

I can't explain, I can't deny  
So many times for you I've cried  
And to see you on your knees tonight

I can't make it clearer, put it any other way  
To know you know the simple truth I do  
To know that your forever has been changed  
'Cause Jesus loves you

Jesus loves you  
Jesus loves you
