Far from home You find me
Amidst the lost and dying
Nothing is fair in love and war

World's apart in desperation
Please erase this separation
Only You are worth fighting for

There's love in every letter written
A hope that gets me through the day
Forever is never too long to wait

Some day soon we'll be together
Where a moment last forever
Our love shines
Brighter than the stars

Until then I will remember
Every word and every letter
The promises
You've written on my heart
On my heart

I see the darkness blinding
And all that's left are my dreams
To save me from the night

Your words of hope remind me
Somewhere the sun is shining

And don't give up the fight

'Cause there's love in every letter written
A hope that gets me through the day
Forever is never too long to wait

Some day soon we'll be together
Where a moment last forever
Our love shines
Brighter than the stars

Until then I will remember

Every word and every letter
The promises
You've written on my heart
On my heart

Some day soon we'll be together
Where a moment last forever
Our love shines
Brighter than the stars

Some day soon we'll be together
Where a moment last forever
Our love shines
Brighter than the stars

Until then I will remember
Every word and every letter
The promises
You've written on my heart
On my heart, on my heart
