"Like The Sun"

I know the moon is
High tonight
And the earth
Is far below
I know you're asking
Why tonight
And the hours are
Moving slow
You can't see the reasons
You don't understand it all

Like the sun will shine
Like the rain will fall
I'll be there to pick you up
Anytime you call
Tomorrow's on it's way
Night turns into dawn
As the morning breaks
You'll see
The shadows will be gone
So hold on

You say the flame is flickering
And the fire is growing cold
Life hasn't turned out
Like you hoped
Or like you had been told
You can't see the reasons
You don't understand it all

Like the sun will shine
Like the rain will fall
I'll be there to pick you up
Anytime you call
Tomorrow's on it's way
Night turns into dawn
As the morning breaks
You'll see
The shadows will be gone
So hold on

Like the sun will shine
Like the rain will fall
I'll be there to pick you up
Anytime you call

Like the sun will shine
Like the rain will fall
I'll be there to pick you up
Anytime you call
Tomorrow's on it's way
Night turns into dawn
As the morning breaks
You'll see
The shadows will be gone
So hold on

Hold on
