The road ahead  
Is going nowhere fast  
The light is red  
Looks like I'm gonna crash

I've lost all direction  
Right is left and up is down  
So here's my soul confession  
Right now, check it out

I wanna lose control  
I'm ready to let go  
Call me crazy

And I've made up my mind  
Kiss the past goodbye  
Come and change me

What took so long  
For me to let You in  
Was I too cool  
To let You be my friend?

I've given up completely  
Everything is upside down  
I need Your love to lead me  
Right now, check it out

I wanna lose control  
I'm ready to let go  
Call me crazy

And I've made up my mind  
Kiss the past goodbye  
Come and change me

I've finally figured it out  
What this life's all about  
Know what I've gotta do  
It's time to lose control to You

I wanna lose control

I'm ready to let go  
Come change me

I wanna lose control  
I'm ready to let go  
Call me crazy

And I've made up my mind  
Kiss the past goodbye  
Come and change me

Wanna lose control  
I'm ready to let go  
Call me crazy

And I've made up my mind  
Kiss the past goodbye  
Come and change me  
Change me, change me
