You are Lord, Lord of my life
And every day I lift You up high
I praise You Lord, my God and my King
You reign in me for eternity

'Cause this is a love song to You
A song of praise to You, You Lord
And I kneel before Your glorious throne
To show that I am Yours alone

You are Lord, Lord of my life
And every day I lift You up high
I praise You Lord, my God and my King
You reign in me for eternity

'Cause this is a love song to You
A song of praise to You, You Lord
And I kneel before Your glorious throne
To show that I am Yours alone

Hallelujah, I love You
And Hallelujah, I love You
And Hallelujah, I love You
And Hallelujah, I love You

'Cause this is a love song to You
A song of praise to You, You Lord
And I kneel before Your glorious throne

'Cause this is a love song to You
A song of praise to You, You Lord
And I kneel before Your glorious throne
To show that I am Yours alone
