Is it real? What you feel?
Do you burn inside?
Is it true? Within you
Is your spirit alive?

Tell me, why do you fear
And try to disappear
If you've got nothing to hide?

Shine like the stars
Wherever you are
Wherever you go
Be Heavenly glow
Shine like the stars

I hear you say, you know the way
Still you live like you do
But compromise only satisfies
The dying part of you

So tell me why do you go
On hiding when you know
The world is waiting for you to?

Shine like the stars
Wherever you are
Wherever you go
Be Heavenly glow
Shine like the stars

Don't fall down
Don't burn out

Shine like the stars
Wherever you are
Wherever you go
Be Heavenly glow

Shine like the stars
Wherever you are
Wherever you go
Be Heavenly glow

Shine like the stars
Shine like the stars

The stars
Shine like the stars

Don't burn out
