Has it happened it to us now
We have lost our love somehow
And I'll be unhappy all the time

For I know I was wrong
To think of things we've done
But it's gone, and there's nothing I can do

If you'd only realize
That the love's still in my eyes
and it will be there forevermore

So if you'd consider more time
And take this love of mine
Then I could be happy once again

Oh I know there's no hope
'Cause you don't want me no more
And I'll be unhappy all the time
Yes I know that is true, 'cause you don't want me too
And I'll be unhappy all the time

So if you'd consider more time
And take this love of mine
Then I could feel happy once again

Oh I could be happy
Oh I could be happy
Oh I could be happy
