Baby, what am I going to do
Baby, what am I going to do
With you,
With you

Oh now I heard you say,
About a girl who took my love away
Now that she left me all alone
I've no one to call my own

Baby, what am I going to do
Baby, what am I going to do
With you,
With you

We had everything
There for my love to be
But all she ever wanted
was to be set free

Baby, what am I going to do
Baby, what am I going to do
With you,
with you

Well just what do I have to do
To get your sweet lovin' from you
Do I have to die once or twice
To keep you for the rest,
The rest of my life,
All of my life

If you were seventeen
I'd still feel the same way
Well there's nothing in this world
That will make me change my way

Baby, what am I going to do
Baby, what am I going to do
With you,
With you
