Lady, morning's just a moment away  
And I'm without you once again  
You laughed at me  
you said you never needed me, i wonder if you need  
me know.  
So many words we didn't say  
Two people lost in a storm  
Where did we go?  
Where'd we go?  
We lost what we both had found  
You know we let each other down

But then most of all  
I do love you still

We played the games that people play  
We made our mistakes along the way  
Some how I know deep in my heart  
You needed me  
Because I needed you so desperately  
We were too blind to see  
But then most of all  
I do love you still
