Born from fate,  
A force that cannot be stopped  
Raised it's sign,  
All bangers answered the call  
Filled with rage,  
This sound holds the power of gods  
Traitors die!  
Deceivers will feel  
The wrath of the mighty overlord

Cruel metal demon  
Possessing the souls of the youth  
Deny religions!  
Warriors are seeking the truth  
Damned politicians  
They're mutilated with no remorse  
Fight for freedom  
Your only truth is this  
Evil force called overlord!

Overlord!! X 4

Now! Gather our legions  
And defend what is ours by right  
Fear! In our enemies eyes  
Cause they know we are mighty and proud  
Metal! Is the name of the sound  
It will join us for the rest of our lives  
Glory! Is what we have found  
The battallions are ready to attack  
Now!!

The war continues,  
This night we'll land again  
Destroy your defenses

Placing our flag behind your lines

Join the army!!

The rabid army of metal

Blitzkrieg attack!!

All shall fear the

Allied force of the overlord

Overlord!! X4
