Goodnight,  
Tomorrow morning isn't far.  
I will be interesting  
When you're alone and feeling bored.  
I watched a city cry,  
I thought I lost you in the fall.  
I thought of everything...  
I cannot lose you anymore.

So won't you stay?  
I'm drowning in the rain.  
Darling say the words  
And I will stay.  
I'm drowning in the rain.  
Darling say the words  
And I will...

Stay the night.  
I'm just the trouble that you need,  
I'm just a year away  
From when the future swallows me.  
And when you're left behind  
It takes a lifetime to be seen.  
'cause something happened here,  
Somehow we're younger in our dreams.

So won't you stay?  
I'm drowning in the rain.  
Darling say the words  
And I will stay.  
I'm drowning in the rain.  
Darling say the words  
And I will stay.

You're different  
And all the rest are the same  
Oh, you're different  
And all the rest are the same  
Stay the same.

Now something happened here  
It's not a worthless cause

And I said so I can,  
So I can stay...

I'm drowning in the rain.  
Darling say the words  
And I will stay.  
I'm drowning in the rain.  
Darling say the words  
And I will stay.
