They say that you're drowning,
You're losing your touch...
Have you thrown yourself out into the crutch?

They say you're a product,
With nothing to sell...
You can fool your friends but you can't fool yourself.

oh, They're gonna love you when you've lost,
You've crave and you sit,
It's the last road taken,
They're going to love you when you die,
It's the last wave good-bye.

Straight outta Kansas,
To the city of fate...
Don't let those blinding light star blinding your games,

You say that you're loaded
A 1,000 degrees (thousand degrees)
Does it feel cold now that you're down on your knees?

oh, They're gonna love you when you've lost,
You've crave and you sit,
It's the last road taken,
They're going to love you when you die,
It's the last wave good-bye.

Can you honestly say "you've felt better yesterday?"
You are the champion they've prided,
Are you drowning inside?

(last wave good-bye) Inside
(last wave good-bye)

oh, lonely boy I know you cry,
But there's no people here to sympathies
They say that you're loaded...
You say that you aren't...

oh, They're gonna love you when you've lost,
You've crave and you sit,

It's the last road taken,
They're going to love you when you die,
Are you drowning inside?

(last wave good-bye) Inside
(last wave good-bye)

whoa oh whoa oh whoa
whoa oh whoa oh whoa

Inside
whoa oh whoa oh whoa
(drowning inside)

Inside
whoa oh whoa oh whoa
(drowning inside)
whoa oh whoa oh whoa
