There's a great pair of eyes  
And their resting in your pretty head  
Though I don't know quite why  
But I'll never express how I feel

Yes it's true I've been tamed  
The past two years I 've really changed  
There's a great pair of crimes  
The loneliness of you and I

And all I want is another try  
Yes all I want is to just feel the same  
So what's your name, your name

And all I want is another try  
Yes all I want is to just feel the same  
So what's your name, your name, your name

I'll be the last notch in your belt

Does it look like me when there's no one else  
I'll settle for a brief moment in time  
If you'd settle for a quick rewind

Someday you'll realize that you needed me  
Once or twice, When I need you to stay  
I'll always remember these summer days

And all I want is another try  
Yes all I want is to just feel the same  
So what's your name, your name

And all I want is another try  
Yes all I want is to just feel the same  
So what's your name, your name, your name

Oh Oh Oh Oh
