Look at the photographs on the wall
The faces that you keep
Isn't it crowded here in the hall?
A lonely place to be
Walk away, walk away but don't retreat
I'm in the photograph on your wall
And it's all you'll ever needâ€¦

She was a stranger in her own house
The wind beneath her feet
Isn't it strange when you figure out
The monsters in your sleep?
Walk away, walk away but don't retreat
You're in the photograph on my wall
And it's all you'll ever beâ€¦

Well times are different, love is changing
God is watching, hell is raining
Times are different, love is changing
God is watching, hell is raining on you

And together we'll see, we're better apart
I don't know the way and I don't know the start
But I won't regret you, I won't regret you
