Though you can't intimidate the trees  
A snowman sweating in a terrible breeze  
Put on your new pants move out to France  
(Chorus)

All the skeletons in your closet  
Are rummaging through your clothes  
Looking through your shoe boxes and pockets  
Gum wrappers and dumb love notes  
People say your brain is like cream cheese  
Takes the shape of anything you please  
The dust from the trails under your fingernails  
(Chorus)

The leaves in the Luxembourg Garden  
Are showing their true colors  
They're blushing they're begging your pardon  
'Cuz time's a jealous lover  
I recall the first time  
That you passed me by  
And I saw my demise  
In your stained glass eyes  
(Chorus)

Canary singing through the calico teeth  
Everything's exactly what it seems
