Empty

An innocent man burned a martyr

This trend has taken things too far

The devil smiles behind bars

No shame (No shame)

Where the answer lies

We look away

And IÃfÃçâ, ÑÂ™ m sorry but I donÃfÃçâ, ÑÂ™ t believe

The entangled web they weave

The lies they spread like cancer

As I clench my fist and shake

My blood wonÃfÃçâ, ÑÂ™ t spill in vain

My rage will spread like fire

Cast down

The devil seems to walk among us

You better run while you can

The line your drawn is fading fast

Disgust (Disgust)

If I where god

IÃfÃçâ, ÑÂ™ d kill you all

And IÃfÃçâ, ÑÂ™ m sorry but I donÃfÃçâ, ÑÂ™ t believe

The entangled web they weave

The lies they spread like cancer

As I clench my fist and shake

My blood wonÃfÃçâ, ÑÂ™ t spill in vain

My rage will spread like fire

The trigger swallows you whole

A slave to your own ghost

A severed hand for your grip

The pressure you canÃfÃçâ, ÑÂ™ t resist

I clench my fist and shake

My blood wonÃfÃçâ, ÑÂ™ t spill in vain

This war

This war

IÃfÃçâ, ÑÂ™ ve unleashed

The devil walks among us
