Day after day it's the same  
Tired of playin these games  
Reaching out for something true  
Questioning all that I do  
Gotta get back gotta get back  
Neva be the same cause I cover my tracks  
The name of the game feelin the pain  
Look into my eyes and you'll see no pain  
Giving it right back to you  
Everything you put me through  
I can't breath/will some one save me  
Suffocate/my body's weaking  
I can't breath/get out before its too late (chorus)  
You know it's pulling me down  
Why do I feel so alone  
So close yet so far from home  
One thing I know I believe  
All wounds heal after they bleed  
Seein this through seein this through  
Your comin down on me well I'm comin down on you  
Neva look away Neva look away  
Cause once I see you slip your outta my way  
Understand one thing I say  
Never let this get away from me  
Chorus  
You know it's pullin me down (4x)  
You know it's pullin me down  
Down down down  
You know it's pullin me down  
Down down down  
Neva give up Neva give up  
Neva turn a way cause I'll be fuckin you up (2x)  
The two vrs. (Hip-hop parts)  
Chorus
