Locked away, in my mind, and there you stay  
You are the one, the only one, left to betray  
Feels like I'm dying, from the walk away  
You break my heart, and run away

Never again!  
You'll never get the best of us! (x4)  
It's falling down on me again  
Knock me down so many times,  
This time I'll get back off of my  
I'm crawling on my kness again,  
Still you walk away

Still there, in my mind, just won't go away  
I try to think straight, but I can't escape  
Feels like I'm scarred, from the walk away  
You're gone, you took all and (left us dying/let us  
down)

Never again!  
You'll never get the best of us! (x4)  
It's falling down on me again  
Knock me down so many times,  
This time I'll get back off of my  
I'm crawling on my kness again,  
Still you walk away (still you walk away)

Beaten down to the soil, I'll get back on my feet  
I'll stay down warming up, until I find my strength  
There's something insdie, it just won't let me give in  
And everytime I try, it just won't let me quit

Never again!  
You'll never get the best of us! (x4)  
(falling [x3])  
It's falling down on me again  
Knock me down so many times,  
This time I'll get back off of my  
I'm crawling on my kness again,  
Still you walk away (and still you walk away [x2])
