Everybody get into the mood
Forget your troubles for a little while
All together let me see you move
Each individual in a different style
Come old lady there's no need to hide
Just feel the rhythm and enjoy ride
Shake it baby up and down your spine
Cause once you're dancing you'll be feeling fine

If I can do it you can do it too
You got in you that I promise you
You're gonna show that you're a little star tonight

Chorus

We'll take it easy we'll take it slow
We're gonna dance to the rock 'n roll
We'll take it easy we'll take it slow
We're gonna dance to the rock 'n roll

Little babies are dancin'to the tune
Well mama an'papa like the rhythm too
Shake it baby give it one more try
Cause there's no reason for you to be shy

If I can do it you can do it too
you're gonna show that you're al little star
tonight

Chorus

If you're ugly or pretty
Or chubby or skinny
It don't matter you'll be
Having a good time
The old will be longer
And the young will be older
We're all gonna dance through the night
Aaah ... Aaah ... Aaah ... Aaah
