Nowadays people want more, more and so do I

My brother told me once  
You always want what you don't have  
But take a look at all the things you do have  
So the reason why I wrote this song  
Was to express what I think is wrong

I'd like to be just a little bit taller  
I'd like to be just a little bit prettier  
I'd like to be just a little bit stronger  
But hey whatever

CHORUS:

Don't always want what you don't have  
But be grateful for what you have  
Don't always want what you don't have  
But be grateful for what you have

Well you can call me the consumator  
'Cause I never stop  
Feeding myself with all these obstacles until I drop

I want a house, a fat cat, my own sauna and a pool  
Have a yacht, my own piano and finally be cool  
I'm like that kid screaming to his mama "I want that  
toy"  
'Cause my filled room at home no longer gives me that  
joy  
And I don't recommend myself as someone to employ  
'Cause I want it all

CHORUS

I want the world just to leave me alone  
Wanna move to New York and learn the saxophone  
I wanna jam with Miles Davis and John Coltran  
I've got so many wishes I think I'm going insane

But what the hell am I supposed to do  
'Cause I'm trying real hard to undo all the emptiness

inside me  
Which is why I want so much

CHORUS
