The Kelly Family
"I Wanna Kiss You"

Aah yeah,
oh no no

Woke up this morning and I put on my shoes
Fixed up my hair and then I put on my rouge
Hopped out my window into your brand new car
Something's happening between you and I yeah-e-yeah
Something's going on deep down inside

We're going dancing baby all through the night
My heart is beating can't be wrong it feels right
I know for sure that it was love at first sight
Something's happening between you and I [yeah yeah yeah-e-yeah]
Something's going on deep down inside [oh no no]

I wanna kiss you but I'm afraid
I wanna touch you but I'm afraid
Daddy's gonna get mad but I don't wanna lose you, uh uh
I wanna kiss you but I'm afraid
I wanna touch you but I'm afraid
Daddy's gonna get mad I don't wanna lose you lose you

Last night I dreamed that we were running away
The same old story and baby the same old game
But I know honey this time it's not the same
Something's happening between you and I [yeah yeah yeah]
Something's going on deep down inside

I wanna kiss you but I'm afraid
I wanna touch you but I'm afraid
Daddy's gonna get mad I don't wanna lose you, uh uh
I wanna kiss you but I'm afraid
I wanna touch you but I'm afraid
Daddy's gonna get mad I don't wanna lose you lose you

I guess I'm too romantic for you baby

I guess I'm too romantic for you baby

And I'd sail across the Atlantic for you baby

I'd sail across the Atlantic for you baby

Aah yeah, oh oh oh yeah, you baby u uh

I wanna kiss you but I'm afraid

I wanna touch you but I'm afraid

Daddy's gonna get mad I don't wanna lose you [I don't wanna lose you]

I wanna kiss you but I'm afraid

I wanna touch you but I'm afraid

Daddy's gonna get mad I don't wanna lose you lose you [oh yeah]

I wanna kiss you [I wanna kiss you] but I'm afraid

I wanna touch you but I'm afraid

Daddy's gonna get mad I don't wanna lose you
