### "Ode to joy"

I was a little baby  
Nestled in my mother's womb  
Just when I needed someone  
She gave me my chance to live  
You too were a little baby  
Nestled in your mother's womb  
Just when you were needing someone  
She gave you your chance to live

#### CHORUS

Yes to life yes to our bads, too  
Welcome each mother and her child  
Trust in the sun, day, earth, and rain  
To feed this weak hungry mouth

I was born for something grand  
I know that deeply in my heart  
That thrill I feel inside  
Is why I sing my song of joy

#### CHORUS x2

You too were born for something grand  
You know it in your heart  
That thrill you fell inside  
immense from you a song of joy

#### CHORUS
