You say it's hard on you  
And sometimes too much to bear  
Baby I understand and believe me  
I'm afraid of losing it too  
I wish I was the girl  
That sits across the room in your class  
Then I would watch you and count every freckle  
That's across your sweet face

So many things I wanna do  
But I can't be with you  
So many things I wanna say  
But you're too far away  
So many things I wanna do  
But the pain is too great  
So many things I wanna say  
But I guess it's too late

Life ain't always the way  
You want it to be and that's okay  
Cause something tells me hunn  
That this is the way I have to take

So many things I wanna do  
But I can't be with you  
So many things I wanna say  
But you're too far away  
So many things I wanna do  
But the pain is too great  
So many things I wanna say  
But I guess it's too late

I don't want to be a burden on you  
I don't want you to see me like I used to be  
So let's be honest  
About the way to proceed  
For the sake of the chance  
Of making something more beautiful  
Cause sometimes baby  
Friendship can last you a lifetime

So many things I wanna do  
But I can't be with you  
So many things I wanna say  
But you're too far away  
So many things I wanna do  
But the pain is too great  
So many things I wanna say  
But I guess it's too late

Shala lala lala la shala lala lala la
