Pick up yourself Joe
Tell all the rest there is a way out
If you want to get out
Help me out
Everybody thinks he knows the way out
But nobody dares that's why we're stuck in the ground
Help me out

Staying alive with a trigger in your head
Staying alive with a trigger in your head
Welcome, welcome to the real side of life

Everybody's smiling, nobody's crying
But everybody's stabbing everyone from the back
Wake up little boy
'Cause you're living in your dreams
Open your eyes to the real side of life

Staying alive with a trigger in your head
Staying alive with a trigger in your head
Welcome, welcome to the real side of life

I try to be good (yes you are)
But no one seems to care (oh here he goes again)
The harder I try (you never tried)
The more they try to break me (you never tried
anything you)
I try to be good (oh here he goes again)
But no one seems to care (I told you to do what they
told you)
The harder I try
The more they try to break me (you damn kid)
Welcome, welcome to the real side of life

Is it dope you want or is it a gun you want
You spell out what you want
And then I'll get you what you want
I want it all
I want it now
I'm gonna go ahead and grab it all
Just for myself

Staying alive with a trigger in your head
Stating alive with a trigger in your head
Welcome, welcome to the real side of life

Staying alive with a trigger in your head
Stating alive with a trigger in your head
Welcome, welcome to the real side of life
