In the cold night
The rains keeps washing
My dreams away.
Relentless and forever
It destroys my fate.

Yesterday I felt still alive.
With myself I shared my sorrow.
It's not that hard to realize,
That we won't reach tomorrow.

In the cold night
The rains keeps washing
My dreams away.
Relentless and forever
It destroys my fate.

I was wondering
For so long hours...
The question fueled my breath:
When will the fog disappear?
Is there a life before death? (4x)

All my hopes were
Crushed by reality
My wishes faded, turned into hate.
I want to pay back
The world its brutality!
My vengeance shall perish its face!

I summon the apocalypse!
In fire you should drown!
With mighty rage
The end will come
And take you with me down! (3x)
In fire you should drown!!!

Darkness is my legacy.
Nothing will be left behind.
The once so busy planet
Will be cleared of mankind.

My thoughts rotate around this shit,
My mind is running wild,
And deep inside this twisted brain
Just cries a little child...

But there's no need for my hand,
Cause humans one their own
Are like lemmings at the cliff
Straight marching to their doom...
