Once more we met  
And you piss me off.  
With your dumb face  
And this wicked smile.  
Why doesn't this hit  
Your twisted mind?  
I'm not your cuddly little freind!  
And never will be!!!

Don't bother me  
With your boring day,  
Nor the fact  
That your girlfriend ran away.  
Today I stop to pretend  
Liking you!  
So shut up! Fuck off! And die!

I've got for you  
Some really good advice,  
Suggesting you should  
Forever leave this life!  
These tipps will solute  
Our common problem!  
So listen closely, cause  
I won't tell this twice!

Get rid of the habit  
Called breathing!  
This would really make my day.  
Burry yourself in  
A hole six feet deep!  
And please me with  
Your eternal sleep!

But the most important point is:

Go away and never  
Talk again to me!  
Cause your fucking voice  
Will burst my brain...

And if you ever get a chick  
Another time,  
Contribute to this worlds sake  
And don't dare  
To spread your genes!!!
