Steve's shining that '69, cherry red corvette
Traded in on a diamond ring, praying she'll say yes
He's gotta kiss that car goodbye and man
He's hating it
But that's love

Amy works from nine to five
At the family dollar store
Then she heads down to city hall
To empty trash and mop the floors
She'd rather be home holding the child she does it for
'Cause that's love

Oh, when you give up something
For the good of someone, someone other than yourself
Yeah, when every chance you're taking
Is worth the risk because you know you're making
A better world for someone else
That's love

Mary's name is on the list
But she's running out of time
The doctor says a perfect match
Could be so hard to find
Her sister calls her up one night
And says girl, i'll give you mine
'Cause that's love

Oh, when you give up something
For the good of someone, someone other than yourself
Yeah, when every chance you're taking
Is worth the risk because you know you're making
A better world for someone else
That's love

Yeah, when every chance you're taking
Is worth the risk because you know you're making
A better world for someone else
That's love
That's love
That's love

That's love
