Takes a lot of passion
baby
takes a lot of action
baby

Takes a lot of motion if you want.
It's almost like a mission
baby
to get a deep reaction
baby

No time for superstition if you want.

'Cause if you know you're right you got to hold on tight

If you just learn to fight and try with all your might.

Baby
live your life - live your life -
Baby
live your life - live your life -
'Cause it's your fight - live your life - so baby
please!
Baby
live your life - live your life -
Baby
live your life - live your life -
'Cause it's your fight - live your life - so baby
please!

You gotta have a vision
baby
of your whole dimension
baby

Kill off your illusions if you want.
You gotta choose your poison
baby

to stop your own destruction
baby

There's no magic motion for what you want.

'Cause if you know you're right you got to hold on tight

If you just learn to fight and try with all your might.

Baby

live your life - live your life - . . .

Takes a lot of passion

baby

takes a lot of action

baby

Takes a lot of motion if you want.

Live your life - come baby - live your life - come baby -

Live your life - come baby

please!
