The dark is so different
So loud and so angry
With eyes like that serpent
That blow all around me

And they see that I'm tired
Can't they hear what I say?
Do they know they're supposed to?
I'll just go away...

Where will I sleep tonight Adam?
Where will I close my eyes?
The ground is so hard
And so mean and so dirty
So covered with things
That all want to hurt me
Where will I sleep tonight Adam?
All this night is gone

Why did I do it?
Oh what was I thinking?
Why did I listen?
To what it was saying

Does he know that I'm sorry?
That I know I was wrong
Does he know all I want
Is to be where I belong

Where will I sleep tonight Adam?

How can I close my eyes?
The air is so cold
And so wet and so heavy
Buzzing with things
That all want to bite me
How will I sleep tonight adam?
No I'm not going to cry...

Did he tell me
The colors all would die?
Or that all

The shadows would come alive?

Did he think I'd forget
What the night was meant to be?
Did he tell me the dark
Would never end?
That the world out here
Is not my friend
Did he say how long
I would wait on a morning sky?

Where will I sleep tonight Adam?
How will I sleep alone?
And this world is so big
And so dark and so empty
So ready to swallow
Me up and then use me
Where can I stay tonight Adam?

What can I call my home?
