Stop talking it's my turn
These words are gonna burn
The truth is something I can't ignore
For any longer

You've grown into what you hate
A cold lie, a pretty face
And all the days you've beat me down
Have only made me stronger

Now you're out of time
No letter, no goodbye
You're just another mistake to leave behind

Don't turn around
I won't be standing here when you look back now
There's no way you can fix this 'cuz I'll
Tear out every memory of me and you now
So go on burning
Go on burning bridges

More drinks and more makeup
More drugs and cover-ups
All these years of reckless love have
Screwed you over

I am no sucker for your silly little games
So, take your looks and cheap tatoos
And torch the bed we made

Now you're out of time
No letter, no goodbye
You're just another mistake to leave behind

Don't turn around
I won't be standing here when you look back now

There's no way you can fix this 'cuz I'll
Tear out every memory of me and you now
So go on burning
Go on burning bridges

Burn! Burn!
Burn! Burn!

Don't turn around
I won't be standing here when you look back now
There's no way you can fix this 'cuz I'll
Tear out every memory of me and you now
So go on burning
Go on burning bridges

Burn! Burn! Burn!
Burn! Burn!
