Mmm
Ooh
Ey, hey, yeah
Ooh
Mmm

Everytime I'm with you, baby
I just can't give enough myself, no, no
? Cause you know how to treat me, baby
Boy, you love me like nobody else

I never have to ask, he knows exactly what I need
He always finds away to bring out all the love in me
Forever we'll be strong as long as we hang on to love
We'll be satisfied

All day (And all day), all night (Feel so good)
Feel so good (Ey), feel so right
All day (All day, all night), all night (Feel so good)
Feel so good (Yeah), feel so right (Mmm)

It took so long to find someone, baby
That wasn't afraid of the strength of a real woman, no
I'm never empty hearted
? Cause my man, my man, keeps it comin', yes, he
does

I never have to ask, he knows exactly what I need
He always finds away to bring out all the love in me
Forever we'll be strong as long as we hang on to love,
ooh
We'll be satisfied

All day (Yeah), all night (Feel so good)
Feel so good (Yes, it does), feel so right (All day)
All day (All day), all night (All night long)
Feel so good (Yeah), feel so right (Hey)

All day, all night (Oh... oh...)
Feel so good (Yeah), feel so right
All day (All day), all night (Feel so good)
Feel so good (Oh), feel so right

All day (Oh), all night (Feel so good)
Feel so good (Yeah), feel so right (All day and all night)
All day (Well), all night (Feel so good)
Feel so good (Oh, ooh), feel so right

You know exactly how to please
Bring me fallin' to my knees
All day
I wanna love you through the night
Make it good, make it right
All day, oh
All day

All day (And all night), all night (It feels so good)
Feel so good (Oh, yeah), feel so right (Feel)
All day (All day), all night (All night, baby, all night)
Feel so good (Oh, no, oh, yeah), feel so right (Oh)

All day (All night), all night (Feel so good, feel so right,
ooh)

You know exactly how to please
You see you brought me to my knees
All day
I wanna love, make it right
Love you all through the night
All day

All night
Feel so good, feel so right (And all day)
All day (And all night), all night (Feel so good)
Feel so good (It feels so right), feel so right (All day)

All day (And all night), all night (It feel so good)
Feel so good (Feel so right), feel so right
All day, all night
