Mmhmm

The night we met, I often remember
Two strangers meeting for the very first time
Now here we are, facing each other
Two lovers holding onto something real
Something so meaningful
If you wanna know how I feel

(Chorus)

I feel good (I feel good)
Baby, I feel good all over
(Baby, I feel good all over)
You and I have what lovers dream about
We're finally worked it out

Say no more, your expression shows it
I see a little sunshine inside of you
Just to be with you is so exciting to me
Who would've thought it could happen to me

It's no secret we're in love
Even a little child can see
I feel good (I feel good)
Baby, I feel good all over
(Baby, I feel good all over)
You and I have what other dream about
We finally worked it out

(Bridge)

You and I have what lovers dream about
You know I've been many places
I've seen lots of faces
Thought I knew just about everything
Everything there is to know
Yet you never cease to amaze me
The main reason I live is
Because you make me feel good
Baby, I feel good all over

The way you hold me and smile my way

(Chorus sing 3x's into bridge 2)

Oh, Oh, ooooh

(Bridge 2)

Can you see I feel good all, all, all over
When I think of all the good thing
You do, you do to me baby

(Chorus into bridge 3)

(Bridge 3)

Sweet things you say to me
I love it, I love it

(Back into Chorus)

Ooooh, I feel good I feel baby
You and I we have what others dream about
We finally worked it out
That I, That I
Feel Goooooooooooooood
