You make me burn with fever  
make me jump and shout  
You really make me lose control  
and when you pull my lever,  
it turns me all about  
I feel it way down in my soul

Last night  
We turned the power on  
Last night  
'til the break of dawn (oh ooh oh ooh oh ooh)  
Last night  
We got into the groove  
Last night  
We made that move

I could be your puppet  
You could pull my string  
'cause you make me feel so real  
You keep me jumpin'  
Keep my whole heart pumpin'  
I love the way you make me feel

Last night  
We turned the power on  
Last night  
'til the break of dawn (oh ooh oh ooh oh ooh)  
Last night  
We got into the groove  
Last night  
We made that move

I love that way you love me  
Last night (yeah)  
I said come on, baby, rock me  
and never let me go  
Last night (uh oh)  
I said I love the way you love me  
Last night (uh oh)  
Come on, baby, rock me  
and never let me go

Last night (hmm)  
Last night  
(ooh yeah)

You make me burn with fever  
make me jump and shout  
You really make me lose control  
and when you pull my lever,  
it turns me all about  
I feel it way down in my soul

Last night  
We turned the power on  
Last night  
'til the break of dawn (oh ooh oh ooh oh ooh)  
Last night  
We got into the groove  
Last night  
We made that move

I love the way you love me  
Last night (oh oh oh oh oh)  
Come on, baby, rock me  
and never let me go  
Last night (uh oh)  
I said love the way you love me  
Last night (ooh uh)  
Come on, baby, rock me  
and never let me go  
Last night  
Last night (eh yeah yeah yeah eh yeah)

Last night (you turned the power on)  
Last night (oh, make me jump and shout)  
Last night (oh ooh oh ooh oh ooh)  
Last night (oh, when you love me, baby)  
Last night (oh ooh oh ooh oh ooh)  
Last night (you make me jump and shout)  
Last night (ooh ooh ooh)  
Last night (talkin' 'bout your love babe,  
needing your love babe, wanting your love babe)  
Last night (turns me all about, oh)  
Last night (wanting your love babe, needing your love  
babe, oh  
yeah yeah you know that it, turns me all about, ooh)  
Last night (talkin' 'bout your love babe, needing your  
love babe,  
oh yeah yeah yeah)
