Like a ton of books I fell from the cliffs of love,
Caught in a freefall. The crash was way too hard.
No one to catch me, how did I get this far?
No one to blame, maybe it's all my fault.

Look all around me.
Broken completely.

(Chorus)

Take the pieces of my heart, it's all been shattered.
Make it new from every part, the mess is scattered.
You're the only one I trust, put me together like I once
was.

Take the pieces of my heart, heart.

Overtaken me, a debris of a memory.
Won't let me go, another part of me history.
Wasted days, I've wasted time, I tried everything.
Even told myself it's who I'm supposed to be.

Broken and bleeding.
Empty and needing.

(Chorus)

Take the pieces of my heart, it's all been shattered.
Make it new from every part, the mess is scattered.
You're the only one I trust, put me together like I once
was.

Take the pieces of my heart, heart.

I need you, I need you.
'Cause every time I try to fix this on my own,
I end up all alone.

Take the pieces of my heart, it's all been shattered.
Make it new from every part, the mess is scattered.
You're the only one I trust, put me together like I once
was.

You're the only one I trust, put me together like I once
was.

(Chorus)

Take the pieces of my heart, it's all been shattered.
Make it new from every part, the mess is scattered.
You're the only one I trust, put me together like I once
was.
Take the pieces of my heart, heart.
