Feeling your presence and knowing you're there
I'm looking across the room, seeing your eyes meet
mine
A chill runs up my spine, it's wonderful, yes, it is
Hoping you'll soon be mine

The stare I can't control
When you smile, your face all aglow
The way I feel for you is heavenly
Let your feelings show, you warm my soul

I just can't go on being your secret lady
Mystery baby, you're the one I want
I just can't go on being your secret lady
Mystery baby, you're the one I need

I wanted to be with you
Don't you know that no one else will do
But how can we ignore our needs
So I'll open up, I'll open my door if you run to me

I just can't go on being your secret lady
Mystery baby, you're the one I want
I just can't go on being your secret lady
Mystery baby, you're the one I need

A chill runs up my spine
And it drives me wild
Don't tell nobody
Don't want nobody to know

I just can't go on being your secret lady
Mystery baby, you're the one I want
I just can't go on being your secret lady
Mystery baby, you're the one I need

What you mean to me
I adore you so
You mean the world to me
Can't ever let you go

I just can't go on being your secret lady

Mystery baby, you're the one I want
I just can't go on being your secret lady
Mystery baby, you're the one I need

I just can't go on being your secret lady
Mystery baby, you're the one I want
I just can't go on being your secret lady
Mystery baby, you're the one I need

I just can't go on being your secret lady
Mystery baby, you're the one I want
I just can't go on being your secret lady
Mystery baby, you're the one I need
