This moments so right,
Holding your hand in mine
Candles and moonlight,
Soft music and chilled wine

We've been through so much,
Together for all these years
Because of your touch,
I just can't hold back these tears of joy 'cause you're ...
Still Mine

Soft words of pleasure,
Whispering in your ear
There's no way to measure,
The treasure you bring whenever you are near,
My heart skips a beat, so thankful you're still mine
Forever, a romance so deep, so thankful you're still
mine

You're still mine
Together we'll stay til the end of time
You're still mine
No greater love will I ever find ...
Still Mine

Better than heaven,
This beautiful love affair
My life is your life,
There's nothing I wouldn't share
You bring me roses,
Whenever you think I'm blue
And when my day closes,
You're there by my side, so glad that I found you ...
Still Mine

Holding you gently
Remembering how we met
Dancing so slowly
The closer we grow the stronger our love gets
My heart skips a beat,
So thankful you're still mine

Forever, a romance so deep
So thankful you're mine

You're still mine
Together we'll stay til the end of time
You're still mine
No greater love will I ever find
(Repeat out)
