I never fall in love
But sometimes i miscalculate
I phone and you're not home
I worry when it's getting late
As any friend would do
Does that apply to you?

I never fall in love
I tend to be affectionate
And if you see me cry
You shouldn't read too much in it
Men cry when they are young
I'm very highly strong

I never fall in love
I never lose control like that
I'm happy as i am
I never give my soul like that
Because in time i learnt
It never returns
I'm through with getting burned

And if i feel in love
Of course it wouldn't be with you
'Cause everybody knows
That real love only happens
To a heart that has its way
And you never find it in your heart
To care for me
But i don't care you see

I never fall in love
But sometimes i miscalculate
I phone and you're not home
And i worry when it's getting late
As any friend would do

I never fall in love
I never cry
I never play the fool
I'm happy

I never fall in love
I never cry
I never play the fool

I never fall in love
I never cry
I never play the fool

I never fall in love
I never cry
I never play the fool

I never fall in love
I never cry
I never play the fool
