She's a wave and she is breaking
She's a problem to solve
and in that circle she's making
I will always revolve

And on her sight
These eyes depend
Invisible and Indivisible

That fire you ignited
Good, bad and undecided
Burns when I stand beside it
Your light is ultraviolet

Visions so insane
Travel unraveling through my brain
Cold when I am denied it
Your light is ultraviolet
Ultraviolet

Now is a phase and it's changing
It's rotating us all
Thought we're safe but we're dangling
And it's too far to survive the fall

And this I know
It will not bend
Invisible and indivisible

That fire you ignited
Good, Bad and undecided
Burns when I stand beside it
Your light is ultraviolet

Visions so insane
Travel unraveling through my brain

Cold when I am denied it
Your light is ultraviolet,
ultraviolet

That fire you ignited
Good, Bad and undecided
Burns when I stand beside it
Your light is ultraviolet

Visions so insane
Travel unraveling through my brain
Cold when I am denied it
Your light is ultraviolet,
ultraviolet

Your light is ultraviolet

Visions so insane
Travel unraveling through my brain
Cold when I am denied it
Your light is ultraviolet
Ultraviolet
