[Chorus:]

You could not keep your pretty hands off me
You could not keep your pretty hands off me
You could not keep your pretty hands off me
You could not keep your pretty hands off me

No I won't sit nice and be quiet
No I won't sit nice and be quiet
No I won't sit nice and be quiet
No I won't sit nice and be quiet

[Chorus]

I thought you were the one,
But I was wrong i was wrong
I thought you were the one,
But I was wrong i was wrong
HEY!!

[Chorus]

You shattered my image of love when I was naked in the tub
You shattered my image of love,
So when I bit, it was for blood

[Chorus]

No I won't sit nice and be quiet
No I won't sit nice and be quiet
No I won't sit nice and be quiet
No I won't sit nice and be quiet.
