"Another Lonely Winter"

kissing you winter evening I don't have the strength to
say goodbye,
sat around and drank all day,
knowing that tomorrow I'll be gone,
and I'm so in love with you

and tonight when they played our song on the radio,
and tonight I felt everything I loved,
you're the girl that I'm dreaming of

kissing you in winter morning thinking back to how it
felt last night,
I love you seems to hold it's meaning even though
they're just words after all,
and these words seem to mean

tonight I'll sing you songs until you fall asleep,
whisper every word into a smile,
and think of just how good this life could be with me...
