I'm in the middle of a muddle  
In the middle of a muddle I am  
I wanna have fun, I wanna have fun  
But the work is piling high

I'm in the middle of a riddle  
In the middle of a riddle, oh my  
I'll never get done, I'll never get done  
Because I'm only I

It seems my work just never stops  
The rooms turn into rooms  
Oh, how I wish my feet were mops  
And my hands were brooms

I'm in a topsy of a turvy  
In a topsy of a turvy, it's true  
I wish I were twins, I wish I were twins  
I'm in the muddle in the middle of a muddle  
And I can't muddle through

Cinderella, Cinderella, etc.

It seems my work just never stops  
The rooms turn into rooms  
Oh, how I wish my feet were mops  
And my hands were brooms

I'm in a topsy of a turvy  
In a topsy of a turvy, it's true  
I wish I were twins, I wish I were twins  
I'm in the muddle in the middle of a muddle  
And I can't muddle through
