All I want is what I had back then
When time was my friend
And love didn't end
All I want is what I had with you
Is it too much to ask?
Can dreams do come true?
Don't look down on me with compromise
If you can see the world from my point of view
It's all up to you

All I want is the promise you'll stay
All I want is one more yesterday
No I don't mean to over simplify
But I cross my heart and hope to die, hey

All I want is everything I lost
No matter what the cost
'Cause I've already paid
All I want is a memory or two
Like the ones I had with you
I can't let it go
Don't look down on me with compromise
If you could see the world from my point of view
It's all up to you

All I want is the promise you'll stay
All I want is one more yesterday
No I don't mean to over simplify
But I cross my heart and hope to die
All I want, I must confess
Is togetherness, with just a little tenderness
With just a little tenderness
