Hi, I thought I'd drop by, so nice to see you  
It's been too long since I was holding you  
I've been holding on to a prayer  
'Cause my dreams never seem to come true

Oh, I'm never letting go, never letting go  
Never letting go, it's not that easy  
Oh, I'm never letting go, never letting go  
Never letting go, I'm crazy about you  
But I can live without you

I left the kitchen lights on these past three nights  
It don't know why just keep shining bright  
And now your eyes ain't answering from a mile  
Is there someone else again this time?

Oh, I'm never letting go, never letting go  
Never letting go, it's not that easy  
Oh, I'm never letting go, never letting go  
Never letting go, I'm crazy about you  
But I can live without you

I could be a gentleman and walk away with style  
But I fight to keep you, throw my arms around you  
This is crazy I know but I just end the show  
I'm never letting go, never, never

Never letting go, never letting go  
Never letting go, it's not that easy  
Oh, I'm never letting go, never letting go  
Never letting go, I'm crazy about you

Never letting go, never letting go  
Never letting go  
Never letting go, never letting go  
Never letting go

Never letting go, never letting go  
Never letting go  
Never letting go, never letting go  
Never letting go

Never letting go, never letting go  
Never letting go
