It's the same old tears on a new background  
Seeing you as a faded photograph  
It hurts too much to laugh these days

But I'm all right  
I'm all right  
I'm all right

It's the same old song  
With a new melody  
But this old candle's lingering flame  
Is almost gone  
To see you again is all that keeps me hanging on

But it's all right  
It's all right  
It's all right

Remembering, remembering  
That familiar heartache  
Well no one but you  
Could ever make this dream come true

It's the same old me  
Crying the same old tears  
And I'll walk away  
Like I always do  
Still in love with you

But it's all right  
It's all right  
It's all right

It's all right  
It's all right  
It's all right
