blessed by st. lucy and kissed by the don  
he got in his car drove away  
happy go lucky singing a song, that's how he had felt  
'til today  
rudy and tony who told him about what'd somebody  
said in the town  
we hear that your sweetheart's been running with a  
soldier she finally had found

take it back, where's she go  
tell me I'm the only one who knows  
where's he at, tell me why, they all say that i'm a lucky  
guy

well maybe he will and maybe he won't  
the black city ain't got a clue  
somebody tell him he's innocent, but everyone don't  
they know he must do what he must do  
and no one can stop him when he walks down the  
street  
at the corner, he turns and he see's  
a guy in a uniform with a bag at his toes holding the  
girl of his dreams

give her back, let her go, tell me every single thing you  
know  
get away, linda sue, tell me now say this can't be true

this life it ain't worth nothing, the world is crumbling  
down  
I can't believe she'd do this, I can't believe she did this  
to me

he shot him at the crosswalk with the gun in his hand  
a near sighted tourist screamed out  
the police were called and he knew as he ran  
there's no way that I can get out  
gettin' to know you those cops sure could see  
he's on the roof of the savings and loan  
he calls out linda, throws down her ring  
jumps off the roof, dies alone

give her back, let her go, tell me every single thing you  
know  
get away, linda sue, tell me now say this can't be true

give her back, let her go, tell me every single thing you  
know  
get away, linda sue, tell me why

give her back, let her go, tell me every single thing you  
know  
get away

doo doo doo...
