If my heart was broken
could you sew it back together with your eyes
stitch back up the pieces
give me one more reason to say goodbye

Don't forget ill try to write
and yes ill try every night
close your eyes
kiss me one last time, its over
never say good bye
kiss me one last time, its over

Its eight in the morning and the phone is ringing
its over
turn your back and walk away
I know its hard but its okay
and its over, its over. Yeah.
